Professional Summary

Senior Project Manager with **13+ years** of experience spanning project management, product management, and UI/UX design. **PMI-ACP®** certified Agile practitioner with proven track record in leading cross-functional teams (up to 25 members), delivering complex projects on time and within budget, and driving business growth through strategic product management.

As a Project Manager with plenty of real-world lessons, I love to bring order to chaos, keeping projects on track, and helping cross-cultural teams actually enjoy the process. Next stop: leading bigger challenges, push Agile beyond the buzzword, and keep delivering projects that make both clients and teams proud.
